A Visit to the Hair Salon

Going to get my hair done is always such a(n) \_\_\_\_\_ day. It had been \_\_\_\_\_ weeks since my last appointment and I desperately needed to get my hair cut and \_\_\_\_\_. Every time I looked in the mirror at my reflection, I couldn't believe I had let my hair grow that long. It was out of control!

I was right on time this morning for my \_\_\_\_\_ a.m. appointment with my favorite hair stylist. As usual, he was \_\_\_\_\_ to see me and immediately gave me a huge hug and a kiss on my \_\_\_\_\_. My stylist is a(n) \_\_\_\_\_ who has been out of the closet for \_\_\_\_\_. He is always so stylish and really knows how to dress. This morning, he was wearing bright \_\_\_\_\_ with a matching polka-dotted \_\_\_\_\_. He's always the picture of fashion!

After we caught up on some gossip, he was ready to start working on my hair. I wanted a totally new hairstyle, so I decided to get \_\_\_\_\_ of length chopped off. I really switched things up by getting my hair dyed \_\_\_\_\_ with \_\_\_\_\_ highlights. It's absolutely perfect! I can't believe it only cost me \_\_\_\_\_ dollars for the cut and color. What a bargain!

I love my new hairdo and have already received a ton of compliments. Everyone keeps

telling me I look like \_\_\_\_\_ , but I think I look more like \_\_\_\_\_ . Either
